

Selby district R&R sites

Name	Grid Reference	NYCC Priority	At risk? Some protection from listed house?	Condition? Not known	Listed buildings Hall (II)	Scheduled monuments	Conservation area	Records?	Archaeological Reports	Description	Comments/Recommendation
Barlby Hall	SE 630 343						No			Small landscaped area (gardens and orchard?) around the Hall shown in 1851 OS. Still some remnants of planting. Moated site adjacent 'The Island'.	
Barlow Hall	SE 644 289	Yes	No – SM designation. But setting affected by Drax Power Station and proposed White Rose Power Station	Not known	No (except Barlow Church)	Yes, Medieval settlement and early post-medieval garden earthworks	No			This is Barlow Hall and surrounding fields. While there has been a hall here since before the first edition the gardens only seem to really develop after that in the latter half of the 19th century. This has only partial legibility. More archaeological value than designed landscape value?	
Billbrough Hall/Manor	SE 529 463		Some protection from listed house and CA?	Not known	House (II)	No	Yes	Fairfax family estate WY Archives Leeds (GRAYS)		Country house built in 1902 for Guy Thomas Fairfax. Original hall to the north on Main Street. Small landscaped park from at least mid 19th century and additions to garden by 1906.	
Bolton Lodge, Bolton Percy	SE 524 406	?	? Not far from potential HS2 corridor	Not known	Lodge (II)	No	No			This is a small area of unknown parkland which consists of mainly wooded areas around a lodge and has complete legibility. There are no water features and there doesn't seem to be any views and vistas, although there seems to be formal gardens	
Byram Park	SE 499 262	Yes	Yes – quarrying, intensive agriculture, residential and other development. Setting affected by Ferrybridge Power Station etc	Poor?	Coach-house, stables, east wall of walled garden, ha-ha, orangery, service wing of former hall, lodge, footbridge, gateway, walls & piers (II)	No	No	Ramsden family owned property for 400 years to 1922, estate papers WY Archives Kirklees (DD/RE)	Surveys 2008 (SNY11927, SNY12165), 1997 (SNY19223)	This is Byram Park which is marked on the first edition as a deer park, although it is shown on the aerial photo as been under the plough, it is still marked on the modern mapping as Byram Park. There is a quarry in part of it. Poole Belt is SINC. Plan by Brown 1782.	Yes - Part of CB300 Project co-ordinated by Karen Lynch
Camblesforth	SE 645 261		Possibly, already planning applications to build on remains of garden	Not known	Hall (I), Dovecote (II)		No	Sir Charles Blois BT owner in 1822, through marriage to Clara (dau of Jocelyn Price)		Limited designed landscape around c1700 house possibly by John Etty	
Carlton Park (Carlton Towers)	SE 654 237	Yes	No?	Not known	House (I), Gatepiers, railings & folly (II)	No	No	Stapleton family estate papers, Hull Uni (DDCL & DDCA)		This is the parkland attached to Carlton Towers with the house forming the main building feature. This has been established by the time of the first edition but expands by about 40% since and has fishponds, views and vistas and formal gardens. Small part separated by road. Plans by White & Woods - former implemented in 1765?	Completed
Cawood Castle	SE 573 375		No, within CA	Not known	Banqueting Hall Yes & Gatehouse (I)		Yes, Cawood CA		Survey 2007 (SNY 11658)	Cawood Castle and Castle Garth: residence of the medieval Archbishops of York and associated enclosure containing gardens, five fishponds and a quarry pit. 2 broad, unarmparted moats. The outer probably originally ran along Broad lane and Thorpe lane and contained fishponds and a possible wharf. The inner is suggested as a garden area with ponds orchards and flower beds. A variety of possible buildings footings noted. Whole site is within Conservation Area. Archaeological interest mainly?	
Cridling Park	SE 519 222	?	Yes – M62, quarrying, intensive agriculture. Setting affected by existing and proposed major infrastructure developments	Poor	No	No	No	Survey of park 1566/7 & 1590/1 National Archives (DL 44/156 & 476)		Spans Selby-Wakefield boundary, and bisected by M62. Place names, park pale evidence. Shown on 1610 Speed map. Disparkment c 1634? See Spencer, T (1996) From Manorial Deer Park to Modern Farmsteads: A History of Cridling Park Estate, Circa A.d. 1000-1970 (in Wakefield library)	
Chester Court	SE 623 273			Not known				Samuel Wilks Waud owner in 1822 (d1841)		Moderate designed landscape shown in 1851 OS. Woodland largely intact although main open area now farmed. Hall now a farm.	
Escrick Hall	SE 636 417	Yes	No? Part protected by CA	OK?	Hall & stables (II*), urns, garden temple, piers and gates & sundial (II)	No	Yes, overlaps with Escrick CA	Forbes Adam family estate records Hull Uni (DQFA)	Survey 1998 (SNY9153)	This is Escrick Park which consists of large area of ornamental parkland containing views and vistas with the main house forming the main buildings. There are formal gardens around the house and water features in the form of pools. Hollicars Wood and Common Wood are SINCS and ancient woodland	Completed
Gateforth Hall	SE 555 295		No - protected by listed buildings?	Not known	Hall (II*), West Lodge, Church piers, gate and piers to coach house, coach house, ha-ha (II)	No		Humphrey Osbalderston built Hall as shooting lodge, also owned Hunmanby Hall (nr Scarborough) d1835		Built as a second home in 1814 and then a sanitorium in early 20th century. Walled garden and small park in 1851 OS	
Grimston Park	SE 496 410	Yes	No? Part protected by SM designation	Not known	Hall (II*), Summerhouse, Tower, Fountain, Lodges, Walls, Railings, stables & Manège (II)	Yes. Roman villa	No	A few owners, currently Fielden family @ WY Archives, Leeds		This is an area of unidentified parkland which consists of extensive grounds with views and vistas. While the main house is a major feature, obviously there are other buildings such as the tower, with pools and it is still active. Design by Nesfield	Yes - significant mid-19th landscape by leading designer. Researcher - Gill Firth and Chris Fenge

Hazelwood Castle and Park	SE 448 394	Yes	No?	Not known	Castle (I), Stable & Folly (II)	Roman Road	No	Vavasour family @ WY Archives, Leeds	This is Hazelwood Castle which has been reused as an hotel and consists of extensive private grounds with scattered woodland, views and vistas. There seem to be gardens around the house and pools form water features. Adjacent to ancient woodlands (Hazel Wood and Hayton Wood). Wider estate – cottages, lodges, farms, woods?	Yes - significant layers of history to be uncovered. Researchers - Susan Kellerman & Dick Knight
Healaugh Manor	SE 480 443 (Manor), SE 485 463 (Priory)	Yes	Not known	Not known	Priory (II*), Pigeoncote, gate piers & walls, Old Hall (II)	No	No	Map & survey (1636, 1718), map (1790) sale cat (1944) WY Archives Leeds, Stamp Brooksbank bought estate c1714 from 1st Marquess of Wharnton and thereafter descended in the family	2 linked sites. 1st remains of a priory developed by Wharnton family post Reformation with possible deer park (on 1610 Speed?), small landscaped gardens and distinctive avenue (Long Walk). 2nd landscape to south associated with early 19th century 'Healaugh Hall or Manor'. Also a possible third site of 'Old Hall' in village next to Church (SE 499 478)	Manor completed, Hall in progress. Researcher - Yvonne Boutwood
Hemingbrough Hall	SE 680 304		Yes? Not part of CA	Not known	No	No	Yes		SE 680 304, Hall built in 1842 by local Vicar. Small designed landscape shown on 1854 OS, still largely intact (or added to in 20th century?)	
Huddleston Hall	SE 466 339		Yes? – agricultural uses	Poor?	Hall & stables (II*), gate piers (II)	No	No	Hungate family, then Gascoigne of Parlington through marriage in 1726 (WY Archives Leeds, GC) ditto Trench family (Lord Ashtown) in 1852	Large farm steading but a lot of buildings are listed. Limited designed landscape interest?	
Kirkby Grange, near Grimston	SE 501 403		No?	Not known	No	No	No		This is a late 20th century designed landscape focused on the Grange and consists of formal gardens with views and vistas, ornamental plantations although no water features. This has fragmentary legibility of the previous HLC which was strip fields. Not of any particular interest?	
Menthorpe Hall	SE 701 343			Not known	No	No	No		Both Hall and garden have now disappeared? Some limited garden shown on 2nd edition OS	
Monk Fryston Hall	SE 505 300	Yes	No – has CA and SM protection	OK?	Hall (II*), gates, No walls, railings & lodges (II)	No	Yes	Sale (1946), ER Archives DDCL/3311. Hemsworth family	This is the gardens and designed landscape associated with Monk Fryston Hall. This has fragmentary legibility and dates to the late post medieval period. There are extensive woods with lakes and streams. The previous HLC seems to be planned enclosure. Whole site is within the Conservation Area	Researcher: Monk Fryston Time Team
Monk Fryston Lodge (aka Frystone Lodge)	SE 489 295		Yes? Not part of CA	Not known	Main building, 2 lodges, Gatepiers (II)	No	No	Hemsworth family	Owned by same family as the Hall (reputed to be tunnel between two!). Small landscaped park. Some remnants e.g. avenue	Researcher: Monk Fryston Time Team
Moreby Hall	SE 597 428	Yes	Yes? On EH register, but mining subsidence and flooding have been problems	OK?	Hall (II*), Gates & piers, various urns, lakeside folly (II)	No	No	Preston family estate papers Hull Uni Archives (DDPR)	This is an area of ornamental parkland associated with Moreby Hall and consists of extant ornamental parkland with formal gardens around the house and ponds representing the water features. The house is the main building feature. Extent of wider estate?	Completed
Newton-Kyme Hall, Tadcaster	SE 465 466	Yes	No?	Not known	Hall (II*), stables, ha-ha, icehouse (II)	Adjacent to large Roman Camp site	Yes	Fairfax family	Newton-Kyme Hall is an interesting landscape park with formal elements associated with a 17th century house. There has been much alteration in the 18th and 19th centuries. Features include the ruins of Newton-Kyme Castle, a medieval church, an 18th century stone ha-ha, formal terraces and parkland. Parkland was quite extensive.	Yes - significant designed landscape dating back to 17th century.
Nun Appleton Park	SE 559 403		No – has national designation on P&G Register (II)	OK?	Yes	No	No	Milner family estate records, WY Archives Leeds	This is a large area of parkland which consists of an area defined externally mainly by woodland, with the main building feature being the main house. This area has significant legibility with some changes in the modern period. Sicklebit Wood is SINC and ancient woodland	
Osgodby Hall	SE 647 341		No?	Not known	No	No	No		The outline of the former park, with its drives, ponds (including duck decoy), and planting, could still be traced in 1973, and the modern garden is in part bounded by a later 19th-century iron fence and incorporates an 18th century dovecot and an icehouse. South-west of the house are the walls of an extensive early-19th century kitchen garden and farmery. Much of the parkland seems to date from late C19th.	
Oxton Hall	SE 497 436	Yes	Not known	Not known	Hall (II)	No	No	Owned by Humphrey Smith of Smith Brewery	This is an extensive area of parkland which seems to have increased since the first edition and includes areas of woodland, possible wood pasture, a walled garden views and vistas as well as pools throughout. Some lost to road construction	Researcher: Louise Wickham
Rest Park	SE 538 333	?	Yes? – intensive agriculture	Poor?	No	No	No		Medieval Park with associated moated manor house, Archbishop of York. Large area shown on historic maps centred on double moated site but what remains?	

Riccall Hall	SE 620 375		Not applicable, already developed	Non-existent	No	No	No	Wormley family, also owned manorial site at SE 615 380		Small landscaped area (gardens and rectangular fishpond) around the Hall shown in 1851 & subsequent historic OS. Now built over as Hall demolished 1951/2.	
Roall Hall	SE 568 248		Not known	Poor?	No	No	No			Appears to have lost most of its historic interest	
Ryther Hall (Rectory)	SE 553 392	?	Not known	Not known	No	No	No			This is a small early 20th century designed landscape with no evidence of views and vistas, formal gardens or water features. The main building is the main house and it seems to have developed from the rectory	
Scarthingwell Hall	SE 491 367	?	No – but not far from potential HS2 corridor	Not known	Lodge (II)	No	No	Owned by Hawke family through marriage (1737)		This is the large country estate of Scarthingwell Park with views and vistas and more formal gardens close to the house. The park was privately commissioned and has lakes as water features. Design by John Davenport in 1790-1	Possible
Scurff Hall	SE 687 263			Not known	No	Yes, moated site		Twigg & Thompson families		Mainly archaeological interest?	
South Duffield Hall	SE 683 334			Not known	Hall (II)	No				Small garden (including dovecote and pond) attached to former moated manor house remodelled in 18th century. Area intact though unknown survival of features	
Stapleton Park	SE 504189	Yes	Yes, intensive agriculture	Poor?	Stable Court (II*)	No	No	Scattered - many owners		This is an extensive area of designed parkland (by White?) which also includes the demolished Stapleton House by Carr. The parkland has boundaries mainly defined by plantations (deer park?). There is no evidence from mapping of specific views within the park. Brown plan of 1782.	Yes - Part of CB300 Project coordinated by Karen Lynch
Staynor (Stainer) Hall	SE 623 311			Poor	No	No	No			Large wooded area next to the Hall, built in 1689 on a former moated site (possibly associated with Selby Abbey). Most of the area now built over with small part of Stainer Wood remaining.	
Steeeton Hall, nr Colton	SE 553 441			Not known	Hall Farm (II*), archway & wall (II)	Yes, medieval village, moated site and fish ponds	No	Fairfax family		Mainly archaeological interest?	
Steeeton Hall, South Milford	SE 483 314		No – has SM designation	Not known	Hall & gatehouse (I)	Yes, medieval magnate's residence and manorial centre incl fishponds	No	Owned by Foljambe family from 1642, estate papers Notts Archives (DD/FJ/1/276)	Survey 1997 (SNY11651)	This is the area associated with Steeton Hall which has significant legibility and consists of the 15th century hall. There are gardens associated with the house, but it doesn't sit within a wider developed landscape of views and vistas. More archaeological than designed landscape interest?	
Stillingfleet House & Vicarage	SE 580 409 (House), SE 593 410 (Vicarage)		No?	Not known	House (II)			House built on land owned by Preston family of Moreby		House has small formal garden to south of building and wooded areas. Vicarage compact but detailed garden shown in 1851 OS. Former still largely intact (not formal garden) but latter largely built over	Possible - link with Moreby Hall
The Park (Thicket Priory)	SE 696 435	Yes	No?	Not known	House, lodge, coach house, stables & brewery (II)	No	No	Dunnington Jefferson family estate papers Hull Uni Archives (DDJ), Sale cat (1960s?) ER Archive (zDDX225)	Survey of walled garden by Ed Dennison 2007 (45256)	This is a country estate which has been reused as a Carmelite priory. This consists of extensive private grounds with views and vistas, and a number of buildings such as the lodge. It has significant legibility and dates to 1844 and 1847. Looks interesting though much of parkland now arable. Unusual walled garden	Possible - issue with access as recently sold?
Thorganby Hall	SE 690 416				Hall, stables, gate piers & wall (II)	No		Dunnington Jefferson family estate papers Hull Uni Archives (DDJ)		House c1822 with associated small garden and landscape park. Last sold in 2009. Same owners as Thicket Priory.	Possible - archives same as Thicket
Toulston Hall	SE 451 441				No	Yes, manor house complex		Barwick & Fairfax families		Mainly archaeological interest?	
Toulston Lodge	SE 457 424				No	No		Peregrine Wentworth (1722-1809), William Prest (from 1817), Smith family		Significant designed landscape shown on early 20th century OS maps, now Tadcaster Grammar School and largely intact? For brewer Henry Herbert Riley Smith, although originally an Elizabethan house (belonged to Cromwell?)	Possible - where are the archives? Tadcaster Grammar School moved there in 1951
Turnham Hall	SE 646 314				Hall & service wing (II)	Site of a moated manor house first mentioned in 1327		Sotherton-Estcourt family estate papers ER Archive (DDSE(2)/10/1), Burton family in 19th century ER Archive (map, DTR/136)		Interesting garden shown on 1850 OS map attached to house built c1800, using part of old moated site? Now largely gone.	
Whitley Lodge	SE 554 221	Yes	Yes, industrial and road development	Poor?	No	No	No	Sold in 1949 (EH archives, ref SA01096)	Survey 2010 (SNY 16338)	This is an area open ground with mature trees which appears on the second edition OS which originally extended under the course of the current motorway. It is possible that this is a small designed landscape. Is there anything remaining?	
Womersley Park	SE 530188	Yes	No - Part protected by CA and SM designation	Not known	Hall & stables (II*), Gate piers & wall (II)	Medieval settlement, ice house	Yes, overlaps with Womersley CA	In Hawke, Harvey-Hawke & Parsons family for 400 years - Birr Castle Archives?		Less at risk than some parks? This is an extensive area of designed parkland associated with the house of the same name. This area would be significant in itself, however it is clear that over half of the original parkland has been returned agricultural land.	Completed

Woodhall Park, near Wresle	SE 698 317	Yes	Not known	Not known	Hall (II)	No	No	Plan (1835) ER Archives DDTR/802	This is an area of ornamental parkland containing the house, Wood Hall. The house was built in 1802 and the gardens were extant by 1850. The main building is the house with pools, views and vistas as well as gardens and pleasure grounds. Ponds on W bank of R Derwent are SINC	Possible
